## About this form

### When to use this form

This form is designed to be printed and filled in by hand. If you wish to use a computer to fill in this information, please use the digital version (From PA2).

Use this form to:

- a) propose a new protected area
- b) propose an expansion or boundary revision to an existing protected area
- c) propose a change in protected area type or
- d) recognise under law an existing informal protected area

### Guidelines to help you

There are several guidelines that provide additional information that may assist you in completing this form, including:

- a) Transitions for Papua New Guinea's existing protected areas
- b) Proposing a new protected area: a guide for landholders and others

### What parts of this form do I complete?

At the initial stage of expressing interest in proposing a protected area you are required to complete all of Form A.

*Note:* More detailed information about the protected area is provided at a later stage in the process and Form B, which is in a digital format, can be completed at this time.

### Form A: Expression of interest

This form includes general information about the proposed protected area (e.g. size, location, reason for proposal etc). When this form is submitted, the Conservation and Environment Protection Authority (CEPA) will register the expression of interest.

### Can I include other information

You can include information that will assist with your proposal for a protected area. This may include:

- a) a map of your area
- b) photographs of your area
- c) supporting information in reports, assessments (e.g. conservation and benefit sharing arrangements)
- d) consultation/meeting information (e.g. meeting notes) with the community, other government departments, industry sectors and non-government organisations
- e) information about existing and potential competing interests such as mining interests, plantations or commercial fisheries. Negotiations with resource sectors and other government departments are not necessary at the early proposal stage.
- f) draft conservation and benefit sharing agreements and whether they are accepted by customary landowners. This may be developed after the initial proposal has been endorsed.

You can attach this information in hard copy or on a thumb-drive or email. You can also include videos or voice recordings so landowners can speak directly about what they want.

### Further questions and help

Please contact the Sustainable Environment Programs Wing, CEPA if you require further information and to submit this form.

**INCLUDE NAME OF CONTACT PERSON**

**Email and phone number and address**

**Indicate a timeline for expected response (should be no more than 3 weeks) and should be acknowledged on receipt.**
